Master Stations

JR-DS-01

IP Dispatching Console/Master Station

- Processor: Onboard intel i5-4200H high-processor
- Chipset: Intel soc chipset integrated into the CPU
- Internal storage: 4G DDR3 memory
- Storage:128G solid state drive or above
- Hardware detection: CPU, system temperature, fan speed and voltage monitoring
- With 17.3-inch capacitive touch screen
- 2 built-in customized phones, command to query IP, one-click hands-free

JR-DS-02

IP Dispatching Console/Master Station

- Processor: Onboard intel i5 processor (I7 as request)
- Chipset: Intel soc chipset integrated into the CPU
- Internal storage: 8G DDR3 memory
- Storage:240G solid state drive or above
- Hardware detection: CPU, system temperature, fan speed and voltage monitoring
- With 11.6-inch capacitive touch screen
- Built-in 1MP camera

JR-DS-03

IP Dispatching Console/Master Station

- Processor: Onboard intel i5 processor
- Chipset: Intel soc chipset integrated into the CPU
- Internal storage: 8G DDR3 memory
- Storage:128G solid state drive or above
- Hardware detection: CPU, system temperature, fan speed and voltage monitoring
- With 21.5-inch capacitive touch screen
- Built-in 200W camera

JR-MIC-02

Control Room SIP/VoIP Gooseneck Intercom

- Robust housing with powder-coated steel base and brushed aluminum panel
- 3.2-inch display screen
- Programmable multi-group one-touch speed dial
- PWR / STAT dual indicators – red for power, green for device status
- Headset and microphone switching supported
- External power supply or PoE power supply
- RJ45 Port for IP connection
- Desk top mounting

Severs Series

NEW

JRPBX Series

High-definition sound quality: Supports standard broadband voice coding, combined with unique echo cancellation technology, compared with traditional PCMA coding, it can be called fidelity and high-definition sound quality.

IP PBX Desktop Model

Order Code

- JRPBX-T20 (20 registrations)
- JRPBX-T50 (50 registrations)
- JRPBX-T100 (100 registrations)
- JRPBX-T200 (200 registrations)
- JRPBX-T300 (300 registrations)
- JRPBX-T500 (500 registrations)

NEW

JRPBX Series

High-definition sound quality: Supports standard broadband voice coding, combined with unique echo cancellation technology, compared with traditional PCMA coding, it can be called fidelity and high-definition sound quality.

IP PBX (Desktop/Rack-mount, Built-in analog gateway); Capacity: 20 – 500 registrations

Order Code

- Desktop Model (4 analog ports)
  4FXS, 4FXO, 2FXO/2FXS
- Rack-Mount Model (8 analog ports)
  8FXS, 8FXO, 4FXS/4FXO, 6FXS/2FXO

JRTNS Series

IP Sever with intercom function, broadcast function, video function, alarm linkage, electronic map

Order Code (Open API, $700 added)

- JRTNS-T60 (60 Terminal registration capacity)
- JRTNS-T120 (120 Terminal registration capacity)
- JRTNS-T300 (300 Terminal registration capacity)
- JRTNS-T500 (500 Terminal registration capacity)
- JRTNS-T1000 (1000 Terminal registration capacity)

Weatherproof Telephones

JR101-FK

Weatherproof Telephone, Full keypad, Yellow color(other colour on demand), Wall-mounting

Housed in a weatherproof cast aluminium enclosure, IP66~IP67

Order Code

- JR101-FK-AL (Analog model)
- JR101-FK-SIP (SIP/VoIP model)
- JR101-FK-4G (4G model)

JR101-FK-L

Weatherproof Telephone, Full Keypad, With LED lamp fixed on the top, Wall-mounting, Yellow color(other colour on demand)

Housed in a weatherproof cast aluminium enclosure, IP66~IP67

Order Code

- JR101-FK-L-AL (Analog model)
- JR101-FK-L-SIP (SIP/VoIP model)
- JR101-FK-L-4G (4G model)

JR101-CB

Weatherproof Telephone, CB(hot line), Yellow color(other colour on demand), Wall-mounting

Housed in a weatherproof cast aluminium enclosure, IP66~IP67

Order Code

- JR101-CB-AL (Analog model)
- JR101-CB-SIP (SIP/VoIP model)
- JR101-CB-4G (4G model)

JR101-CB-L

Weatherproof Telephone, Hotline phone, With LED lamp, Yellow color(other colour on demand), Wall-mounting

Housed in a weatherproof cast aluminium enclosure, IP66~IP67

Order Code

- JR101-CB-L-AL (Analog model)
- JR101-CB-L-SIP (SIP/VoIP model)
- JR101-CB-L-4G (4G model)

JR101-3B

Weatherproof Telephone, 3 buttons for speed dial, Yellow color(other colour on demand), Wall-mounting

Housed in a weatherproof cast aluminium enclosure, IP66~IP67

Order Code

- JR101-3B-AL (Analog model)
- JR101-3B-SIP (SIP/VoIP model)
- JR101-3B-4G (4G model)

JR102-SC

Weatherproof Telephone, Speed dial, Yellow color(other colour on demand), Wall-mounting

Housed in a weatherproof cast aluminium enclosure, IP66~IP67

Order Code

- JR102-SC-AL (Analog model)
- JR102-SC-SIP (SIP/VoIP model)
- JR102-SC-4G (4G model)

JR102-2B

Weatherproof Telephone, 2 buttons for speed dial, Yellow color(other colour on demand), Wall-mounting

Housed in a weatherproof cast aluminium enclosure, IP66~IP67

Order Code

- JR102-2B-AL (Analog model)
- JR102-2B-SIP (SIP/VoIP model)
- JR102-2B-4G (4G model)

JR103-FK

Weatherproof Telephone, Full keypad, Without door, Yellow color(other colour on demand), Wall-mounting

Housed in a weatherproof cast aluminium enclosure, IP66~IP67

Order Code

- JR103-FK-AL (Analog model)
- JR103-FK-SIP (SIP/VoIP model)
- JR103-FK-4G (4G model)

JR103-CB

Weatherproof Telephone, CB(hot line), Without door, Yellow color(other colour on demand), Wall-mounting

Housed in a weatherproof cast aluminium enclosure, IP66~IP67

Order Code

- JR103-CB-AL (Analog model)
- JR103-CB-SIP (SIP/VoIP model)
- JR103-CB-4G (4G model)

JR104-SC

Weatherproof Telephone, Speed dial, Without door, Yellow color(other colour on demand), Wall-mounting

Housed in a weatherproof cast aluminium enclosure, IP66~IP67

Order Code

- JR104-SC-AL (Analog model)
- JR104-SC-SIP (SIP/VoIP model)
- JR104-SC-4G (4G model)

JR104-2B

Weatherproof Telephone, 2 buttons for speed dial, Without door, Yellow color(other colour on demand), Wall-mounting

Housed in a weatherproof cast aluminium enclosure, IP66~IP67

Order Code

- JR104-2B-AL (Analog model)
- JR104-2B-SIP (SIP/VoIP model)
- JR104-2B-4G (4G model)

JR105-FK

Weatherproof Telephone, Full keypad, With LCD display, Yellow color(other colour on demand), Wall-mounting

Housed in a weatherproof cast aluminium enclosure, IP66~IP67

Order Code

- JR105-FK-AL (Analog model)
- JR105-FK-SIP (SIP/VoIP model)
- JR105-FK-4G (4G model)

JR101-FK-HB

Weatherproof Telephone, Full keypad, With horn and beacon, Yellow color(other colour on demand), Wall-mounting

Housed in a weatherproof cast aluminium enclosure, IP66~IP67

Order Code

- JR101-FK-HB-AL (Analog model)
- JR101-FK-HB-SIP (SIP/VoIP model)
- JR101-FK-HB-4G (4G model)

JR101-FK-H

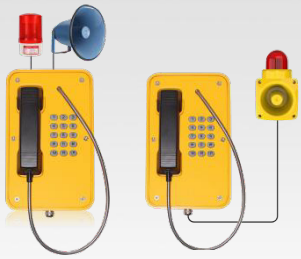

Weatherproof Telephone, Full keypad, With horn, Yellow color (other colour on demand), Wall-mounting

Housed in a weatherproof cast aluminium enclosure, IP66~IP67

Order Code

- JR101-FK-H-AL (Analog model)
- JR101-FK-H-SIP (SIP/VoIP model)
- JR101-FK-H-4G (4G model)

JR103-FK-HB

Weatherproof Telephone, Full keypad, With horn and beacon, Yellow color(other colour on demand), Wall-mounting

Housed in a weatherproof cast aluminium enclosure, IP66~IP67

Order Code

- JR103-FK-HB-AL (Analog model)
- JR103-FK-HB-SIP (SIP/VoIP model)
- JR103-FK-HB-4G (4G model)

JR103-FK-H

Weatherproof Telephone, Full keypad, With horn, Yellow color(other colour on demand), Wall-mounting

Housed in a weatherproof cast aluminium enclosure, IP66~IP67

Order Code

- JR103-FK-H-AL (Analog model)
- JR103-FK-H-SIP (SIP/VoIP model)
- JR103-FK-H-4G (4G model)

Explosion-Proof Telephones

JREX106-A01

Explosion Proof Telephone, Full keypad, Orange, color(other colour on demand), With door cover, Wall-mounting

Housed in a weatherproof cast aluminium enclosure, IP66

Order Code

- JREX106-A01-AL (Analog model)
- JREX106-A01-SIP (SIP/VoIP model)

JREX106-A01-CB

Explosion Proof Telephone, Hotline, Orange color(other colour on demand), With door cover, Wall-mounting

Housed in a weatherproof cast aluminium enclosure, IP66

Order Code

- JREX106-A01-CB-AL (Analog model)
- JREX106-A01-CB-SIP (SIP/VoIP model)

JREX106-A03

Explosion Proof Telephone, Full keypad, Orange, color(other colour on demand), Without door cover, Wall-mounting

Housed in a weatherproof cast aluminium enclosure, IP66

Order Code

- JREX106-A03-AL (Analog model)
- JREX106-A03-SIP (SIP/VoIP model)

JREX106-A03-CB

Explosion Proof Telephone, Hotline, Orange color(other colour on demand), Without door cover, Wall-mounting

Housed in a weatherproof cast aluminium enclosure, IP66

Order Code

- JREX106-A03-CB-AL (Analog model)
- JREX106-A03-CB-SIP (SIP/VoIP model)

JREX106-A04

Explosion Proof Telephone, Speed dial, Orange color(other colour on demand), Without door cover, Wall-mounting

Housed in a weatherproof cast aluminium enclosure, IP66

Order Code

- JREX106-A04-AL (Analog model)
- JREX106-A04-SIP (SIP/VoIP model)

JREX106-FK

Explosion Proof Telephone, Stainless steel full keypad(20 keys), Yellow color(other colours on demand), With LCD display

Housed in a weatherproof SMC glass fiber-reinforced plastic enclosure, IP66 rating

Order Code

- JREX106-FK-AL (Analog model)
- JREX106-FK-SIP (SIP/VoIP model)

JREX106-CB

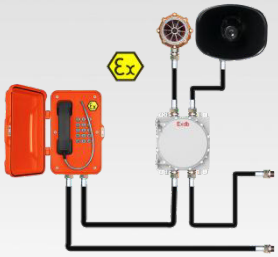

Explosion Proof Telephone, Hotline, Without keypad, Black color(other colours on demand)

Housed in a weatherproof SMC glass fiber-reinforced plastic enclosure, IP66 rating

Order Code

- JREX106-CB-AL (Analog model)
- JREX106-CB-SIP (SIP/VoIP model)

JREX106-A01-HB

Explosion Proof Telephone, Full keypad, Orange color(other colours on demand), With door cover, With external Ex junction box, Ex horn, Ex beacon.

Housed in a weatherproof cast aluminium enclosure, IP66

Order Code

- JREX106-A01-HB-AL (Analog model)
- JREX106-A01-HB-SIP (SIP/VoIP model)

JREX106-FK-HB

Explosion Proof Telephone, Stainless steel full keypad(20 keys), Orange color(other colours on demand), With LCD display

Housed in a weatherproof SMC glass fiber-reinforced plastic enclosure, IP66 rating, with external Ex junction box, Ex horn, Ex beacon.

Order Code

- JREX106-FK-HB-AL (Analog model)
- JREX106-FK-HB-SIP (SIP/VoIP model)

Vandal-Resistant Telephones

JR201-FK

Handset Telephone, Full metal keypad(12keys), Gray color(other colour on demand), Cold-rolled steel body, Unit size: 247*130*133(mm)

Housed in an anti-vandal cold-rolled steel enclosure, wall mounting type

Order Code

- JR201-FK-AL (Analog model)
- JR201-FK-SIP (SIP/VoIP model)
- JR201-FK-4G (4G model)

JR201-FK-VC

Handset Telephone, Full metal keypad(12keys), Brushed Stainless steel body, With volume control button, Unit size:247*130*133(mm)

Housed in an anti-vandal SUS enclosure, wall mounting type

Order Code

- JR201-FK-VC-AL (Analog model)
- JR201-FK-VC-SIP (SIP/VoIP model)
- JR201-FK-VC-4G (4G model)

JR202-FK

Handset Telephone, Full metal keypad(12keys), Gray color(other colour on demand), Cold-rolled steel body, Unit size:240*100*113(mm)

Housed in an anti-vandal cold-rolled steel enclosure, wall mounting type

Order Code

- JR202-FK-AL (Analog model)
- JR202-FK-SIP (SIP/VoIP model)
- JR202-FK-4G (4G model)

JR202-CB

Handset Telephone, CB(hotline)no keypad, Gray color(other colour on demand), Cold-rolled steel body, Unit size:240*100*113(mm)

Housed in an anti-vandal cold-rolled steel enclosure, wall mounting type

Order Code

- JR202-CB-AL (Analog model)
- JR202-CB-SIP (SIP/VoIP model)
- JR202-CB-4G (4G model)

JR204-FK

Handset Telephone, Full metal keypad(16 keys), Gray color(other colour on demand), LCD display, Cold-rolled steel body, Unit size:250*160*123(mm)

Housed in an anti-vandal cold-rolled steel enclosure, wall mounting type

Order Code

- JR204-FK-AL (Analog model)
- JR204-FK-SIP (SIP/VoIP model)
- JR204-FK-4G (4G model)

JR205-FK

Handset Telephone, Full metal keypad(16 keys), Brushed stainless steel body, Unit size:300*130*113(mm)

Housed in an anti-vandal brushed stainless steel enclosure, wall mounting type

Order Code

- JR205-FK-AL (Analog model)
- JR205-FK -SIP (SIP/VoIP model)
- JR205-FK -4G (4G model)

JR206-FK

Handset Telephone, Full metal keypad(12keys), Red color(other colour on demand), Cold-rolled steel body, Unit size: 248*185*133(mm)

Housed in an anti-vandal cold-rolled steel enclosure, wall mounting type

Order Code

- JR206-FK-AL (Analog model)
- JR206-FK-SIP (SIP/VoIP model)
- JR206-FK-4G (4G model)

JR207-FK

Handset Telephone, Full metal keypad(16 keys), Red color(other colour on demand), Cold-rolled steel body, Unit size:248 *195 *132.6(mm)

Housed in an anti-vandal cold-rolled steel enclosure, wall-mounting type

Order Code

- JR207-FK-AL (Analog model)
- JR207-FK-SIP (SIP/VoIP model)
- JR207-FK-4G (4G model)

JR208-FK

Handset Telephone, Full metal keypad(12keys), Brushed stainless steel body, Unit size:280*190*126(mm)

Housed in an anti-vandal SUS enclosure, flush mounting type

Order Code

- JR208-FK-AL (Analog model)
- JR208-FK-SIP (SIP/VoIP model)
- JR208-FK -4G (4G model)

JR208-CB

Handset Telephone, CB (hot line), Brushed stainless steel body, Unit size:280*190*126(mm)

Housed in an anti-vandal SUS enclosure, flush mounting type

Order Code

- JR208-CB-AL (Analog model)
- JR208-CB-SIP (SIP/VoIP model)
- JR208-CB-4G (4G model)

JR210-1B

Handset Telephone, One button for speed dial, Cold-rolled steel body, Red color(other colour on demand), Unit size:300*180*161(mm)

Housed in an anti-vandal cold-rolled steel enclosure, wall-mounting

Order Code

- JR210-1B-AL (Analog model)
- JR210-1B-SIP (SIP/VoIP model)
- JR210-1B-4G (4G model)

JR211-FK

Handset Telephone, Full keypad(12 keys), Brushed stainless steel body, Unit size:250*120*160(mm)

Housed in an anti-vandal SUS enclosure, desk mounting type

Order Code

- JR211-FK-AL (Analog model)
- JR211-FK-SIP (SIP/VoIP model)
- JR211-FK-4G (4G model)

JR211-CB

Handset Telephone, CB (hot line), Cold-rolled steel body, Red color (other colours on demand), Unit size:250*120 *160(mm)

Housed in an anti-vandal cold-rolled steel enclosure, desk mounting type

Order Code

- JR211-CB-AL (Analog model)
- JR211-CB -SIP (SIP/VoIP model)
- JR211-CB -4G (4G model)

JR212-FK

Handset Telephone, Full keypad, Brushed stainless steel body, With volume control button and LCD display, Unit size:283*127*134(mm)

Housed in a weatherproof, anti-vandal metal enclosure, wall mounting type

Order Code

- JR212-FK-AL (Analog model)
- JR212-FK-SIP (SIP/VoIP model)
- JR212-FK-4G (4G model)

Emergency Telephones

JR301-SC-OW

Emergency Telephone, Hands-free operation, 1 button, Autodial, Cold-rolled steel enclosure and stainless steel front panel, Unit size:220*150*50(mm)

Housed in a weatherproof, stainless steel panel, designed for wall-mounting

Order Code

- JR301-SC-AL (Analog model)
- JR301-SC-SIP (SIP/VoIP model)
- JR301-SC-4G (4G model)

JR301-2B-OW

Emergency Telephone, Hands-free operation, 2 buttons, Autodial, Cold-rolled steel enclosure and stainless steel front panel, Unit size:220*150*50(mm)

Housed in a weatherproof, stainless steel panel, designed for wall-mounting

Order Code

- JR301-2B-AL (Analog model)
- JR301-2B-SIP (SIP/VoIP model)
- JR301-2B-4G (4G model)

JR301-SC-IW

Emergency Telephone, Hands-free operation, 1 button, Autodial, Brushed stainless steel body, Unit size:216*146 *40(mm)

Housed in a weatherproof, SUS enclosure, designed for flush-mounting

Order Code

- JR301-SC-IW-AL (Analog model)
- JR301-SC-IW-SIP (SIP/VoIP model)
- JR301-SC-IW-4G (4G model)

JR301-2B-IW

Emergency Telephone, Hands-free operation, 2 buttons, Autodial, Brushed stainless steel body, Unit size:216*146*40(mm)

Housed in a weatherproof, SUS enclosure, designed for flush -mounting

Order Code

- JR301-2B-IW-AL (Analog model)
- JR301-2B-IW-SIP (SIP/VoIP model)
- JR301-2B-IW-4G (4G model)

JR302-SC

Emergency Telephone, Hands-free operation, 1 button, Autodial, Brushed stainless steel body, Unit size:210*140*40(mm)

Housed in a weatherproof, SUS enclosure, designed for wall-mounting

Order Code

- JR302-SC-AL (Analog model)
- JR302-SC-SIP (SIP/VoIP model)
- JR302-SC-4G (4G model)

JR303-SC

Emergency Help Point, Brushed stainless steel body, 1 button, Wall mounting Unit size:210 *140 *40(mm)

Housed in a weatherproof, SUS enclosure, wall-mounting

Order Code

- JR303-SC-AL (Analog model)
- JR303-SC-SIP (SIP/VoIP model)
- JR303-SC-4G (4G model)

JR303-2B

Emergency Help Point, Brushed stainless steel body, 2 button, Wall mounting
Unit size:210 *140 *40(mm)

Housed in a weatherproof, SUS enclosure, designed for wall-mounting

Order Code

- JR303-2B-AL (Analog model)
- JR303-2B-SIP (SIP/VoIP model)

JR305-SC

Emergency Telephone, Hands-free operation, 1 button, Autodial,
SMC enclosure and stainless steel front panel, Unit size:230*160*80(mm)

Housed in a CRS enclosure and SUS panel, wall-mounting or post mounting

Order Code

- JR305-SC-AL (Analog model)
- JR305-SC-SIP (SIP/VoIP model)
- JR305-SC-4G (4G model)

JR306-SC

Emergency Telephone, Hands-free operation, 1 button, Cold-rolled steel body, Yellow color(other colour on demand), Unit size:300 *180 *120(mm)

Housed in an anti-vandal metal enclosure, wall-mounting or post mounting

Order Code

- JR306-SC-AL (Analog model)
- JR306-SC-SIP (SIP/VoIP model)
- JR306-SC-4G (4G model)

JR308-FK

Emergency Telephone, Full metal keypad(12keys), Brushed stainless steel body, Unit size:220*160*50(mm)

Housed in a weatherproof, SUS enclosure, designed for flush-mounting

Order Code

- JR308-FK-AL (Analog model)
- JR308-FK-SIP (SIP/VoIP model)
- JR308-FK-4G (4G model)

JR309-FK

Emergency Telephone, Full flat metal keypad(12keys) Brushed stainless steel body, Unit size:240 *150 *40(mm)

Housed in an anti-vandal SUS enclosure, designed for flush-mounting

Order Code

- JR309-FK-AL (Analog model)
- JR309-FK-SIP (SIP/VoIP model)
- JR309-FK-4G (4G model)

JR309-FK-A

Clean Room / Sterile Room Intercom, Brushed stainless steel body, 16-key keypad, 3 speed-dial keys, Power key, Unit size:140 *250 *48.5 (mm)

Housed in an anti-vandal SUS enclosure, designed for flush -mounting

Order Code

- JR309-FK-A-SIP (SIP/VoIP model)

JR313-SC

Emergency Telephone, 1 button, Autodial, Cold-rolled steel body, Red color(other colour on demand) Unit size:200*140 *50(mm)

Housed in an anti-vandal cold-rolled steel enclosure, wall-mounting.

Order Code

- JR313-SC-AL (Analog model)
- JR313-SC-SIP (SIP/VoIP model)
- JR313-SC-4G (4G model)

JR313-2B

Emergency Telephone, 2 button, Autodial, Cold-rolled steel body, Red color(other colour on demand) Unit size:200*140 *50(mm)

Housed in an anti-vandal cold-rolled steel enclosure, wall -mounting

Order Code

- JR313-2B-AL (Analog model)
- JR313-2B-SIP (SIP/VoIP model)
- JR313-2B-4G (4G model)

JR314-SC

Emergency Telephone, 1 button, Autodial, Flush Mounting, Red color(other colour on demand) Unit size:190 *154 *40(mm)

Housed in an anti-vandal cold-rolled steel enclosure, flush-mounting

Order Code

- JR314-SC-AL (Analog model)
- JR314-SC-SIP (SIP/VoIP model)
- JR314-SC-4G (4G model)

JR315-SC

Emergency Video Help Point, Brushed stainless steel body, 1 buttons, With built-in induction loop, Unit size:300*60*650(mm)

Housed in a weatherproof, SUS enclosure, wall-mounting or pillar mounting

Order Code

- JR315-SC-AL (Analog model)
- JR315-SC-SIP (SIP/VoIP model)
- JR315-SC-SIP with camera (SIP/VoIP model)

JR316-4B

Industrial Intercom, 4 buttons, Suitable for outdoor application, Red color(other colour on demand), Unit size:400*200*130(mm)

Housed in an anti-vandal CRS enclosure, wall –mounting or post mounting

Order Code

- JR316-4B-AL (Analog model)
- JR316-4B -SIP (SIP/VoIP model)
- JR316-4B -4G (4G model)

JR330-SC

Emergency Telephone, 1 button, Wall mounting, With lock key for open the door, Orange color(other colour on demand)Unit size:530 *280*200(mm)

Housed in an anti-vandal CRS enclosure, wall –mounting or post mounting

Order Code

- JR330-SC-AL (Analog model)
- JR330-SC-SIP (SIP/VoIP model)
- JR330-SC-4G (4G model)

JR505-SC

Emergency Elevator Telephone, Brushed stainless steel body, 1 button, Autodial, Unit size:135 *75 *25 (mm)

Housed in an anti-vandal SUS enclosure, designed for wall -mounting

Order Code

- JR505-SC-AL (Analog model)
- JR505-SC-SIP (SIP/VoIP model)
- JR505-SC-4G (4G model)

JR320-SC

Emergency Telephone, Cold-rolled steel body, 1button, with LED lamp, Blue color(other colour on demand)Unit size:225*285*800(mm)

Housed in an anti-vandal CRS enclosure, wall-mounting or post mounting

Order Code

- JR320-SC-AL (Analog model)
- JR320-SC-SIP (SIP/VoIP model)
- JR320-SC-4G (4G model)

JR321-SC

Emergency Telephone, Cold-rolled steel body, 1 button, Post mounting, With lamp, Blue color(other colour on demand)

Housed in an anti-vandal CRS enclosure, standing along-mounting

Order Code

- JR321-SC-AL (Analog model)
- JR321-SC-SIP (SIP/VoIP model)
- JR321-SC-4G (4G model)

JR321-SC-SP

Emergency Telephone, 1 button, Autodial, Post Mounting, with lamp, solar panel and rechargeable lithium battery, Blue color(other colour on demand)

Housed in an anti-vandal CRS enclosure, designed for stand along-mounting

Order Code

- JR321-SC-AL (Analog model) 50W 13AH
- JR321-SC-SP-SIP (SIP/VoIP model) 50W 13AH 3days
- JR321-SC-SP-4G (4G model) 50W 13AH 14days

JR306-SC-SP

Emergency Telephone, 1 button, with LED light and solar panel and rechargeable lithium battery, Orange color (other colour on demand)

Housed in a weatherproof, anti-vandal cold-rolled steel enclosure, designed for column-mounting

Order Code

- JR306-SC-SP-SIP (SIP/VoIP model) 50W 13AH 3days
- JR306-SC-SP-4G (4G model) 50W 13AH 14days

JR315-SC-P

Emergency Help Point, 1 button, Autodial, with built-in induction loop

Housed in a weatherproof, anti-vandal SUS enclosure, column-mounting

Order Code

- JR315-SC-P-AL (Analog model)
- JR315-SC-P-SIP (SIP/VoIP model)
- JR315-SC-P-4G (4G model)

Emergency Telephone Pillars

JR-TP-01

Emergency Telephone Pillar, painted for outdoor use.
Mechanical characteristics:
Sleek and harmonious design free of sharp edges
Prepared for the containment of auxiliary circuits
Material:Made of cold rolled steel, painted for outdoor using.
It can be manufactured in stainless steel SUS304/SUS316 on demand.
Colour:yellow(other colour on demand)
Weight:20kg Dimensions(mm):1600 x 200 x 200 mm
Fixing:on floor

JR-TP-02

Emergency Telephone Pillar, painted for outdoor use.
Mechanical characteristics:
Sleek and harmonious design free of sharp edges
Prepared for the containment of auxiliary circuits
Material:Made of cold rolled steel, It can be manufactured in stainless steel SUS304/SUS316 on demand.
Colour:yellow(other colour on demand)
Weight:25kg Dimensions(mm):1600 x 200 x 200 mm
Fixing:on floor

JR-TP-03

Emergency Telephone Pillar, painted for outdoor use. Can choose to add LED lights
Mechanical characteristics:
Sleek and harmonious design free of sharp edges
Prepared for the containment of auxiliary circuits
Material:Made of cold rolled steel, It can be manufactured in stainless steel SUS304/SUS316 on demand
Colour:Orange (other colour on demand)
Weight:30kg Dimensions(mm):1510 x 436 x 306 mm
Fixing:on floor

JR-TP-04

Emergency Telephone Pillar, painted for outdoor use.
Mechanical characteristics:
Sleek and harmonious design free of sharp edges
Prepared for the containment of auxiliary circuits
With Solar panel mounting bracket which is adjustable on multiple directions
Material:Made of cold rolled steel, It can be manufactured in stainless steel SUS304/SUS316 on demand.
Colour:Orange(other colour on demand)
Weight:45kg Dimensions(mm):2400 x 436 x 306 mm
Fixing:on floor

IP Video Telephones

JR213-FK

IP Video Handset Telephone, Full keypad, Armoured cord handset, Brushed stainless steel body, With built-in camera, and LCD display. Wall mounted.

Order Code

- JR213-FK-SIP (SIP/VoIP model)

JR213-2B

IP Video Telephone, Hands free operation, Brushed stainless steel body, Two call buttons, With built-in camera, Induction loop, and LCD display. Wall mounted type.
Order Code

- JR213-2B-SIP (SIP/VoIP model)

JR301-SC-C-IW

IP Video Telephone, Brushed stainless steel body, Hands free operation, One call button, With built-in camera, Induction loop.Flush mounted type.
Order Code

- JR301-SC-C-IW-SIP (SIP/VoIP model)

JR301-SC-C-OW

IP Video Telephone, Brushed stainless steel body, Hands free operation, One call button, With built-in camera, Induction loop.Wall mounted type.
Order Code

- JR301-SC-C-OW-SIP (SIP/VoIP model)

NEW

K20

SIP Audio/video Intercom

Standard SIP-compliant intercom; Noise-canceling microphone; Built-in 2W speaker
Protection level IP66

K20-1 (audio)
K20-C (with camera)
K20-2 (2 buttons)
K20-2C (2 buttons with camera)

NEW

K86

SIP Audio/video Intercom

Standard SIP-compliant intercom; Noise-canceling microphone; Built-in 2W speaker
Protection level IP55

K86-1 (audio)
K86-C (with camera)
K86-2 (2 buttons)
K86-2C (2 buttons with camera)

Acoustic Hood

JR-TH-01

Acoustic insulation: Noise attenuation up to 23 dB
Polyethylene plastic construction（GRP）
Durable, lightweight, chemical resistant body
Excellent low temperatures impact properties
High performance polyurethane acoustic insulation liner, resistant to mildew and rot
Fire retardant class "B1" rating
Wall or pillar installation
Can be used both indoors, outdoors and offshore
Optional colors available upon request
Weight: ≈19 kg Dimensions(mm):500 x 680x 780 mm

JR-TH-02

Telephone booth
Polyethylene plastic construction; noise attenuation up to 5 dB
Durable, lightweight, chemical resistant body
Excellent low temperatures impact properties
Can be used both indoors, outdoors and offshore
Wall or pillar installation
Optional colors available upon request
Weight: ≈13 kg
Dimensions(mm):805 x 690x 473 mm

JR-TH-04

Telephone booth
Polyethylene plastic construction
Durable, lightweight, chemical resistant body
Excellent low temperatures impact properties
Can be used both indoors, outdoors and offshore
Wall or pillar installation
Optional colors available upon request
Weight: ≈12 kg
Dimensions(mm):640 x 580x 260 mm

JR-TH-01-OC

Acoustic insulation: Noise attenuation up to 25dB. Polyethylene plastic construction (GRP)
Outer shell: General purpose resin continuous filament mat. Fire resistance
Acoustic insulation: 50mm tissue faced non hygroscopic sound absorbing cotton
Insulation liner: High performance polyurethane acoustic insulation liner
Apparatus plate: 304 grade stainless steel, 1.5mm thickness
Mounting brackets: 304 grade stainless steel, 2mm thickness
Wall or pillar installation, can be used both indoors, outdoors and offshore
Optional colors available upon request
Weight: ≈37 kg Dimensions (mm): H850*W680* D600 (mm)

JR-TH-12

Acoustic insulation: Noise attenuation up to 25db. Polyethylene plastic construction (GRP)
Outer shell: General purpose resin continuous filament mat. Fire resistance
Acoustic insulation: 50mm tissue faced non hygroscopic sound absorbing cotton
Insulation liner: High performance polyurethane acoustic insulation liner
Apparatus plate: 304 grade stainless steel, 1.5mm thickness
Mounting brackets: 304 grade stainless steel, 2mm thickness
Wall or pillar installation, can be used both indoors, outdoors and offshore
Optional colors available upon request
Weight: ≈40 kg Dimensions (mm): H900*W700* D620 (mm)

JR-TH-03A

Full sized acoustic booth
Durable SGCC galvanized steel housing
Contain an inside lamp
Fancy looking and modern
Noise reduction with door Up to 35dB
Noise reduction without door Up to 25dB
Optional colors and dimension available upon request
Weight: ≈345 kg
Dimensions(mm):1000 x 1000x 2125 mm

JR-TH-08

Full sized acoustic booth
Robust GRP (Fiberglass Reinforce plastic) construction
Contain an inside lamp
Fancy looking and modern
Noise reduction with door Up to 35dB
Noise reduction without door Up to 25dB
Optional colors and dimension available upon request
Weight: ≈240 kg Dimensions(mm):1000 x 1000x 2125 mm

JR-MP-09

ATEX/IECEX 5G POC walkie talkie phone

Android 16 OS, 12+256G (standard), DMR two-way radio function available as an option (+US$80.00), Covers 400MHz-470MHz, with an option for the VHF band, 9600 mAh removeable battary, POC subscription fees: US$40/ year

- 1-100pcs
- 101-300pcs
- 301-500pcs
- 501-1000pcs

Audible and Visual Alarm Terminal

JREX-HSA

ATEX/IECEX Loudspeaker, Aluminum alloy and stainless steel 304, IP66

Order Code

Analog model

- JREX-HSA-A1 (RV: 70V, RW: 8.5W/17.5W)
- JREX-HSA-A2 (RV: 110V, RW:17.5W/35W)
- JREX-HSA-01 (RR: 8Ω；RW：15W)
- JREX-HSA-02 (RR: 8Ω；RW：20W)
- JREX-HSA-03 (RR: 8Ω；RW：25W)
- JREX-HSA-04 (RR: 8Ω；RW：30W)
- JREX-HSA-05 (RR: 8Ω；RW：35W)

SIP model

- JREX-HSA-P (RR: 8Ω, RW: 15W~35W)

JRSP-SIP-01

SIP Speaker, robust engineering plastics construction, Built-in 25 W class D amplifier, Power over ethernet (PoE) power supply

Order Code

- JRSP-SIP-01 (SIP model)

NEW

JREX-WL Series

Explosion-proof Warning Beacon

IP66

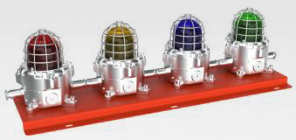

Warning mode: LED rotating, steady, flashing, or xenon flashing.

Aluminum Alloy, Orange color

SUS316 Stainless Steel

NEW

JREX-WL Series

Four-Color Explosion-Proof Warning Beacon

Red, yellow, blue, and green lights with customizable functions, independently controlled by power supply. IP66

Warning mode: LED rotating, steady, flashing, or xenon flashing, IP66

Aluminum Alloy, Orange color

SUS316 Stainless Steel

NEW

JREX-SL Series

Explosion-proof Audible and Visual Alarm

Sound and light integrated structure design, IP66

Warning light: Multiple modes, including LED rotating, steady, flashing, and xenon flashing.

Speaker: 100dB

Aluminum Alloy, Orange color

SUS316 Stainless Steel

NEW

JR-WL Series

Waterproof Warning Beacon, Red ABS enclosure, IP66

Warning mode: LED rotating, steady, or flashing (adjustable).

Order Code

- JR-WL-01 (Phone-powered)
- JR-WL-02 (DC 12～48V)
- JR-WL-03 (DC 12～48V)
- JR-WL-04 (AC 110～240V)

NEW

JR-SL Series

Waterproof Audible and Visual Alarm

Sound and light integrated structure design, Yellow ABS enclosure, IP66

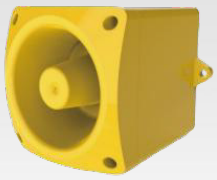

Warning light: LED rotating, steady, or flashing (adjustable), Speaker: 100dB

Order Code

- JR-SL-01 (Phone-powered)
- JR-SL-02 (DC 12～48V)
- JR-SL-03 (DC 12～48V)
- JR-SL-04 (AC 110～240V)
- JR-SL-05 (IP Version 12VDC / PoE)

NEW

JR-HSP Series

Speaker 100dB

10W, Yellow ABS enclosure, IP66

Order Code

- JR-HSP-01 (Phone-powered)
- JR-HSP-02 (DC 12～48V)
- JR-HSP-03 (DC 12～48V)
- JR-HSP-04 (AC 110～240V)
- JR-HSP-05 (10W Amp. / 70V/110V CV)
- JR-HSP-06 (IP Version 12VDC / PoE)

Hotel Telephones

Soter 900

Hotel Telephone, Full keypad (without keypad on demand), Red or white color,Wall-Mounting
Housed in ABS

Order Code

- Soter 900-FK-AL (Analog model)
- Soter 900-FK-SIP (SIP/VoIP model)

Soter 900 3B

Hotel Telephone, 3memery bottuns, Red or white color, Wall-Mounting
Housed in ABS

Order Code

- Soter 900-3B-AL (Analog model)
- Soter 900-3B-SIP (SIP/VoIP model)

Soter 900 CB

Hotel Telephone, Hotline,Red or white color,Wall-Mounting
Housed in ABS

Order Code

- Soter 900-CB-AL (Analog model)
- Soter 900-CB-SIP (SIP/VoIP model)
